Map Folio on Communist China

1. A Map Folio on Communist China, patterned after the Indochina Map Folio produced in 1965, is currently underway in the Cartography Division, OBI. Stimulated by the USIB directive to develop basic information on Communist China, the project hopefully will go part way to filling critical gaps in basic substantive map information. Target date: early 1967.

2. Substantive support and coordination have been arranged for with the Geography and Map Library Divisions in OBI, ORR, and the Transportation Unit in DIA.

3. Every effort will be made to produce the folio as an unclassified document to broaden the distribution base. If successful, distribution to selected academic institutions will be suggested.

4. Specifications and content are as follows:

Size: 17-3/4 vertical, 21-1/2 horizontal
Cover: Flexible stock, comb binding on left
Scale: 1:10,000,000 (except regional maps)
Colors: 4-5 colors, including terrain
Paper: Dullcote
Quantity to be printed: 5,000 prints of each map, 1,000 bound copies for initial distribution (quantity will depend on classification)
Classification: Unclassified, or as low as possible
Contents:
1. Contents page (no tabular separations)
2. Orientation Globe
